JUAN SEBASTIAN PINTO OSSIO

ETOBICOKE, ONTARIO - (437) 435 6922 – WEBSITE - SEBASPINTO4@GMAIL.COM - LINKEDIN

SUMMARY OF QUALIFICATIONS

- 3+ years of experience in software development and technical support roles.
- Provided peer tutoring in Object-Oriented Programming, Data Structures, and Algorithms at Universidad NUR.
- Developed solutions in Python, Java, and .NET for enterprise systems, ensuring scalable and accurate data processing.
- Strong foundation in relational databases, API integration, and automation.
- Familiar with Agile and Scrum methodologies, contributing actively to sprint planning, daily stand-ups, and code reviews.
- Committed to continuous learning, efficient data flow, and delivering high-quality technical solutions.

EXPERIENCE

Software Developer **January 2024 – July 2024**

Artexacta S.R.L. & Mediterranean Shipping Company (MSC)

- Developed systems using Python, Java, and .NET, with a strong emphasis on data accuracy, scalability, and integration.
- Worked on data-driven application features using SQL, designing and querying relational databases to support business.
- Created technical documentation and automated workflows to support decision-making and improve operational reliability.
- Gained exposure to structured datasets, data cleansing, and implementing logic to drive business-focused solutions.

Personal Assistant **December 2022 – June 2023**

UrbanLink S.R.L.

- Managed scheduling and supported internal data analysis and reporting tasks, collaborating closely with leadership and technical teams.
- Helped prepare client-focused reports and presentations, incorporating structured data insights into strategic communication.
- Contributed to automating repetitive administrative workflows using digital tools and basic scripting.

Software Sales Representative **December 2021 – June 2022**

MTM Systems

- Demonstrated data-based software products to clients, highlighting the value of analytics in driving business decisions.
- Utilized CRM tools to manage client data, track sales activities, and generate performance reports.

EDUCATION

Computer Programming Low-Code Development **September 2024 – Present**

George Brown College – GPA 3.6/4

Advanced Diploma in Computer Programming and Analysis **February 2022 – December 2023**

Universidad NUR – GPA 3.7/4

AWARDS

Awards: 2025 Deans Honor List George Brown College, 3rd Best Computer Engineering student at Universidad Nur 2-2022.

TECHNICAL SKILLS

Programming: Python, Java, JavaScript, CSS/HTML
Databases: MySQL, PostgreSQL, SQLite, MongoDB
Automation & Low-Code Tools: UiPath, Power Apps, Power Automate
Dev Tools: Azure, Jira, Git.
Business Intelligence: Power Bi, MS Office

COMMUNITY & ACTIVITIES

- Active member of HispanoTech Toronto
- Member of GBC Computer Science Society & BYTE Club
- Participated in hackathons and technical workshops.
- Chess enthusiast with a peak online Elo of 2000.
- Recreational Soccer Player.
